

TOURNAMENT INFORMATION:

The PoCoMo Wheelchair Tennis Classic was established in 1995. The intention was to create a unique and different tennis tournament experience. A tournament where every player left feeling they played a lot of tennis, and got a huge return for their entry fee and effort to attend.

The unique element to the tournament has been youth involvement. With the help of PoCoMo's Youth Action Team, an organizing committee of 10+ youth lead the event, with another 15 youth volunteering the weekend of the event.

I guarantee you will experience a tennis tournament like no other. Come join us for a fabulous weekend.

ABOUT POCOMO

PoCoMo Youth Services Society is an award winning independent, community based registered charity established in 1992. As a grass-roots organization our mandate includes the development and delivery of innovative programs and services for youth who may be disadvantaged, marginalized, or at-risk. We create opportunities for youth to reach their full potential. Our goal is to improve the well-being and self-worth of alienated and excluded at-risk youth through unconditional support with the view of reconnecting them with their community.

Our Vision: no youth is left behind

PURPOSE

Our purpose is to enhance the quality of life of the youth in the Tri-City area who are marginalized, isolated, hanging out on the streets, homeless or at risk of homelessness by building relationships with youth, enhancing their connection with community, and bring services to them.

MISSION STATEMENT

To provide outreach support and services to the youth of our communities.

UNIQUE EVENT:

The PoCoMo Wheelchair Tennis Classic is just one of the unique programs we offer. This tournament is the ONLY youth organized and run on the ITF and Canadian wheelchair tennis tour. PoCoMo is proud of the youth who organize and volunteer to put on such a unique and successful event.
